

## SAFETY FLASH: PERMIT TO WORK

### GOOD PRACTICE

Use a permit to work when:

- 👍 Doing hot work;
- 👍 Working in a confined/enclosed space;
- 👍 Doing maintenance with lifting operations;
- 👍 Doing maintenance with diving activities;
- 👍 Doing maintenance when working at height;
- 👍 Doing maintenance on electricity;
- 👍 Doing maintenance on critical equipment;
- 👍 Doing maintenance in the pump room;
- 👍 Doing activities outside the railing;
- 👍 Activities are done by 2 or more parties.

A permit to work is used to set the terms for a safe working environment in order to execute activities safely, with the goal to prevent accidents.

### BAD PRACTICE

- ✗ Werkvergunning alleen invullen.
- ✗ Werkvergunning niet volledig invullen.
- ✗ Personeel niet inlichten.
- ✗ Geen maatregelen nemen.
- ✗ Langer dan 12uur werken onder de werkvergunning.

### ACTION QUESTIONS:

- Why is the use of a permit to work important?
- What does a permit to work do?
- Who is supposed to fill in the permit to work?
